The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **Mobile Diagnostic Radiological Care Project** in Fiscal Year 2027. The entity to receive funding for this project is **Families Together of Orange County**, located at **661 West First Street, Tustin, CA 92780**.

The funding would be used for the acquisition and deployment of a mobile diagnostic radiology unit equipped with digital imaging technology and integrated health information systems. This mobile platform will allow Families Together of Orange County to deliver diagnostic imaging services across multiple clinic sites in Irvine and Orange County to deliver preventive diagnostic services and strengthen early detection of serious diseases.

The project is an appropriate use of taxpayer funds because this effort will bring imaging services directly into underserved areas, improving early detection of serious medical conditions and strengthening continuity of care for residents. This, in turn, will reduce delays in treatment and help prevent avoidable emergency room visits and hospitalizations. This approach strengthens preventive care, improves health outcomes, and saves taxpayer Medicaid funding.

The project has a federal nexus because the funding provided is for purposes authorized under the *Public Health Service Act*.

Lastly, I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Thank you for your consideration of this request.

Sincerely,
