The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **Victoria II Sewer Lift Station Rehabilitation Project** in Fiscal Year 2027. The entity to receive funding for this project is the **City of Laguna Beach** located at **505 Forest Avenue, Laguna Beach, CA, 92651**.

This funding would be used to rehabilitate and modernize key structural, mechanical, and electrical components of an 87-year-old sewer lift station in Victoria Beach, located in the City of Laguna Beach. The lift station plays a critical role in the City's broader wastewater system, serving residential neighborhoods and coastal areas along the Pacific Ocean.

This project is a valuable use of taxpayer dollars as it would reduce the risk of mechanical failure and sanitary sewer overflows, which pose serious threats to drinking water sources, groundwater quality, and the Pacific coastline. By rehabilitating infrastructure before breakdowns occur, this project will also yield significant cost savings for the City and ensure it can maintain compliance with drinking water quality standards.

The project has a Federal nexus because it is for the purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

Lastly, I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Thank you for your consideration of this request.

Sincerely,

A handwritten signature in blue ink, appearing to read 'DM'.
